

CSWC Operational Period Summary

0600 June 12 2014 to 1800 June 12 2014

Cal OES Headquarters

SITUATION SUMMARY

Haigh Vegetation Fire , CA-MMU-010067, Mariposa County

Haigh Road at Hwy 49N, Coulterville, Mariposa County, State Responsibility Area Fire (SRA)

Per Cal OES FDO:

- 130 acres, 90% contained
- No structure threat
- 82 personnel committed

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 2 construction began June 6 and is scheduled to end June 25.
- Please see “Fix 50” slides for additional information, including alternate routes.

SITUATION SUMMARY

Significant Weather

- Red Flag Warning in effect until 2000 hours this evening for areas in Modoc County
- Red Flag Warning in effect until 2300 hours this evening for areas in Modoc, Plumas, Lassen, Nevada, Sierra Counties
- Red Flag Warning in effect until 2300 hours Friday for areas in El Dorado, Nevada, Placer Counties
- Red Flag Warning in effect until 2300 hours this evening for areas in Alpine, Madera, Mono Counties
- Red Flag Warning in effect from 1100 to 2000 hours Friday for areas in Inyo and Tulare Counties

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Temperatures will remain cool on Friday as an upper level trough lingers over the Pacific Northwest. Expect more morning and overnight coastal low clouds and fog as well. Dry weather will last into next week with a gradual warming trend inland.

San Francisco Weather:

Onshore winds and a deep marine layer will keep temperatures near normal through the end of the week. Temperatures will gradually warm inland during the weekend while low clouds persist at the coast.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

An upper low in the Pacific Northwest and Northern California is enhancing the delta breeze. This will keep temperatures near to slightly below normal through Friday and could bring coastal stratus into the delta and southern Sacramento valley during night/morning hours with the onshore flow. Warmer temperatures are expected over the weekend and into early next week as flat high pressure moves across the region. Temperatures expected to stay above normal through the remainder of the week.

Hanford Weather:

Westerly winds aloft will allow for a continued slight cooling trend through Friday. A subtle warming trend will be present across the area Saturday into the middle part of the week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Several weak low pressure systems will cross the region through next week, bringing overnight low clouds and fog from the beaches to the valleys. Otherwise fair skies are expected. Breezy conditions will continue for the mountains and deserts into Friday. Temperatures will remain near normal throughout the forecast period.

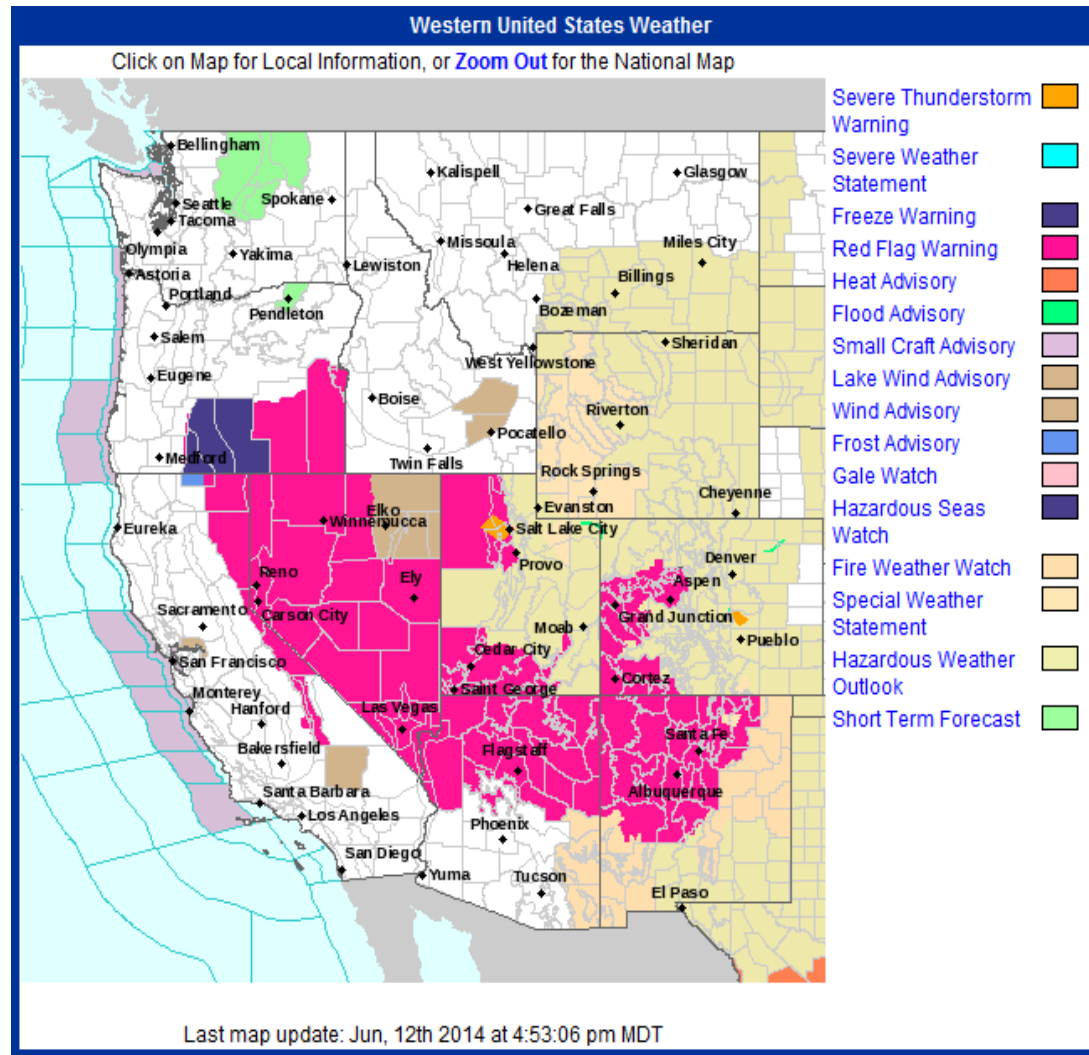

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

June-like weather will continue through next week. Night and morning low clouds will develop over the coast and valleys, with a moderately deep marine layer slightly varying each day. West winds will become breezy in the afternoons and evenings over the mountains and along desert slopes. High temperatures will be near to slightly below normal.

Southeast California Weather:

Persistent high pressure centered over northern Mexico will maintain near to above normal temperatures and very dry conditions into next week with only slight fluctuations in temperatures expected each day.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Westbound Highway 50: May 27 – June 25

Phase 2 – June 6 to June 25

During Westbound, Phase 2, the following ramps will be closed:

- 16th Street Off-Ramp
 - Connector ramp from westbound Business 80 to westbound Highway 50
 - Only one lane will be open on the Connector ramp from northbound Highway 99 to westbound Highway 50.
-
- 2-3 through lanes will be open
 - Eastbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Fix50 Project Update: Thursday, June 12

It was a productive day on the last phase of the Fix50 project. Here are some updates:

Progress over the last 24 hours:

- Rebar installation complete
- Dowel installation (80% completed)
- Shoulder pour completed and curing
- Mainline pour started

Over the next 24 hours, crews will:

- Continue dowel install and deck cleaning
- Continue mainline pour
- Continue shoulder cure (72 hour process)

In the coming week:

- Start barrier pour
- Grind and grooving for new concrete
- Skid test
- Sign replacement
- Continue column casings work underneath project area

Traffic:

- Traffic delays through the construction zone continue to average 20-25 minutes during peak commute hours and 10-15 minutes during non peak commute hours.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at 0% of normal as of June 3.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3791**, El Dorado County SO is requesting resources to locate a hiker who has been missing in the Pollock Pines area since Friday, 06/06/14. El Dorado County Sheriff is requesting additional resources: ground searchers and search dog teams. Cal OES Law Enforcement Branch is coordinating resources.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Closed Cal OES Missions

- **2014-LAW-3793**, Air Force Rescue Coordination Center advised of an ELT sounding at frequency Chandler Airport in Fresno, Fresno Co. Civil Air Patrol is responding. Cal OES LDO is monitoring the resources. [Update 06/11/14: ELT located non-distress and silenced.](#) **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
